**DID YOU KNOW THAT INGENU HAS A MAJOR
OFFICE LOCATED IN THE PHOENIX AREA?**

OPPORTUNITY Fast Company named Phoenix as the #1 place for entrepreneurial activity.

SCALE Phoenix happens to be the sixth largest city in the United States, based on population, while also being a giant of a city based on land area - bigger than New York and Los Angeles.

FUN FACT Prehistoric water canals continue to serve the Phoenix area. Early explorers uncovered and restored an intricate canal system that was used in prehistoric times to bring irrigation to diverse areas. That canal system is still in use today.
